

UNMIL QUICK IMPACT PROJECT UNIT

Summary of Projects formally closed-21 March 2018

No.	QIP Ref.	Project Title	Location	Budget (USD)	Implementing Partner	Sponsoring Section	Brief description	Outcomes	Beneficiaries	Remarks
1	001/17	Pre-election familiarization and interaction with political parties	Montserratado	8,930.00	Governance Commission	Political Affairs Section and Office of the SRSRG	The overall objective of the Pre-election familiarization and interaction with political parties is to offer an opportunity for interaction and deepening commitments to peaceful, violence-free elections made by both national and international stakeholders, particularly the leadership and members of registered political parties; and to offer a forum to exchange views on constructive and civil campaigning ahead of the start of the campaign period, in an informal and friendly atmosphere. It further aims to strengthen the commitment of all stakeholders to ensure the conduct of free, fair, transparent elections in October and the peaceful transfer of power, with reference to the importance of adhering to the Farmington River Declaration, will be the core focus of this event.	<ul style="list-style-type: none"> • 240 participants including standard bearers, vice standard bearers and leadership of political parties, national institutions, diplomatic community, and international partners involved in the electoral process. UNMIL and UNCT gathered to participate in a one day event to seek further commitment to peace. • Adherence to peaceful conduct of campaign events and mutual respect among political parties urged through statements provided by UNMIL SRSRG, International Partners and National Institutions. • Commitment from representatives of political parties to conduct peaceful campaign and elections as well as to ensure smooth transition renewed. • Communication between political parties with the presence of the international community strengthened. • Role of the media in ensuring neutrality and that all political parties have equal access to the media enhanced; and • Joint AU, ECOWAS, UNMIL Press released on the elections. 	<p>a) Direct: 240 representatives from the leadership and members of political parties, the heads of government agencies and security institutions, the GC, IRCL, NEC, UNMIL and UNCT, ECOWAS, AU, donor partners including the NDI, Carter Center, EU, IFES, the Press Union of Liberia and Media as well as representatives of civil society (especially from youth and women's organizations).</p> <p>b) Indirect: About 3.5 million people (estimated population of Liberia)</p>	Project formally closed.
2	077/17	Pre-election familiarization and interaction with Female Candidates	Monyserrado	8,549.00	Liberian Women National Political Forum	Gender Advisory Unit and Office of the SRSRG	The overall objective of the proposed intervention is to promote an interface with candidates as a confidence building measure and good office guidance with regard to practical ways of candidates reaching out to voters in a cost effective manner, given that financial constraints are major challenges for female candidates.	<ul style="list-style-type: none"> • 220 participants including UNMIL and the UNCT deliberated on a one day Familiarization and Interaction on practical ways of reaching out to voters. • Knowledge on how to strategize and to engage with the electorate in an effort to enhance opportunities of equal participation and representation of women in governance provided to approximately 160 female candidates. • Collaboration and networking amongst female candidates promoted. • Adherence to peaceful conduct of campaign events and mutual respect among female candidates supported through statements provided by the SRSRG and other national and International partners. • Communication between female candidates and the international community strengthened; and • Role of the media in ensuring neutral coverage and reporting in support of female candidates enhanced. 	<p>a) Direct: 160 female candidates, representatives from the political party leadership, government agencies, security institutions, the NEC, UNMIL and UNCT, ECOWAS, AU, donor partners including the Carter Center, IFES, NDI, EU, Non-Governmental Organizations, and representatives from civil society.</p> <p>b) Indirect: Approximately 1 million people; approximately 600,000 Women and 400,000 men (estimated voter population)</p>	Project formally closed.
3	123/17	Support to peaceful political transition through post-election interaction with the two standard bearer in the election run-off	Montserratado	4,200.00	Boulevard Palace Hotel	OSRSRG/PAS	This project envisions the support towards national, regional and international efforts for the conduct free, fair and peaceful elections in Liberia. The main object is aimed to secure smooth transition of political power in January 2018. Given the importance of the election run-off in December 2017, this intervention proposes to provide a platform, on which the UNMIL's SRSRG, in consonance with his good offices and political support mandate, will engage with all stakeholders in the process of political transition, and encourage peaceful and democratic establishment of the new political structures. Further, it will provide the opportunity for all relevant factors participating in the democratic electioneering process, which include, the current President, the standard bearers in the run off, respective Ministers, the International Community, Observing Missions, NEC, and etc, to exchange their views on the electoral process and commit to support a peaceful and effective political transition.	<ul style="list-style-type: none"> • National capacity enhanced for constructive engagement in political processes as elections, including addressing political disagreements in a democratic manner - through dialogue and the mechanisms of the respective institutions; • Result of the Presidential Run-off elections ultimately accepted as there can be only one winning side, while at the same time Liberia would be the biggest winner if the process of political transition concludes peacefully and result in strong, inclusive and effective national governance; and • The level of interaction and the messages of participants at the reception, as well as their actions related to the run-off results measured successfully. 	<p>a) Direct: 85 persons with women accounting for about 30% (The two standard-bearers in the run-off and their VP candidates, Heads of International Observer Missions, President Otuasnojo, SRSRG Chambers, Governmental officials including the President, the SC Chief Justice, the Foreign Minister, the NEC Chair and ED, the Senate Pro Temp, The diplomatic community including intergovernmental organizations and the UNCT).</p> <p>b) Indirect: Over 3.5 million people (estimated population of Liberia)</p>	Project formally closed.
4	002/17	Renovation of AFL Barracks at Voinjama	Lofa	49,486.00	23rd Infantry Brigade Engineers of AFL & AL-Bashir Ventures	UNMIL Military Force	The overall objective is to support the Government of Liberia's security transition plan which includes the deployment of the AFL throughout the country. This will be accomplished by renovating three (3) buildings that will serve as barracks and office space for a platoon plus sized element from the AFL Infantry Brigade.	<ul style="list-style-type: none"> • Three buildings renovated as barracks and office space to house 30- 45 personnel representing a platoon plus from the Infantry Brigade Group in Voinjama, Lofa County. • Mitigate the impact of UNMIL draw-down. UNMIL aviation support to reach those areas in times of security incidents would no longer be required. • Enhance the ability of the AFL to quickly and effectively react to security incidents in the northern portion of the country. • Public's confidence in the GoL would be enhanced by the presence of AFL in Lofa County. • AFL positioned to respond to disasters in the northern fringes of the Country. 	<ul style="list-style-type: none"> • Direct: Approximately 30-45 infantry personnel will utilize the barracks at any given time • Indirect: Government of Liberia through intangible effects of a forward security presence 	Project formally closed.

Monitoring of human rights situation, including public reporting and investigations is also a fundamental tool to assess human rights problems, support the identification of adequate solutions, promote accountability and deter further violations. The training will provide participants with practical skills on human rights monitoring and investigations.</p>	<ul style="list-style-type: none"> A functional and coordinated human rights monitoring and reporting mechanism established between INCHR monitors & CSOs, 50 CSOs and all 20 INCHR monitors and staff of the INCHR Department of Complaints, 1 joint INCHR and CSOs monitoring field visit to initiate future sustained joint monitoring process; and Annual reports of general Human Rights situation in Liberia drafted and issued. 	<p>a) Direct : 15 male, 10 female staff members of INCHR (Monitors & Complaints department staff), 50 female and 50 male members of CSOs</p> <p>b) Indirect: 1500 persons (at least 50% females) from 15 Counties, 100 CSOs and 1 Commission.</p>	Project formally closed.

24	061/17	Trauma informed interviewing and victim support	Montserrat	34,716.00	National Association of Disabled Advocates (NADA)	Human Rights and Protection Services - HRPS	The Objective of this program is to support an effective response from the Government of Liberia and partners to traumatized survivors of sexual, gender-based, domestic and related forms of violence. Survivors of these forms of violence always lack support from government and their communities. In many other cases, they are blamed for having caused their own problems – thus deepening the trauma and psychosocial stress they experience.	<ul style="list-style-type: none"> • 45 LNP WACPS Officers from Liberia's 15 Counties trained on client orientation, and basic psychosocial skills in interviewing survivors of SGBV. • 75 Members of the SGBV Task Force referral pathway as well as selected persons from MIA at County level trained on human rights protection in SGBV case management. • Communities in all 15 Counties of Liberia's confidence increased in the LNP WACPS on matters relating to SGBV cases handling and management; and • Reporting on SGBV cases markedly increased in all 15 Counties of Liberia's. • Enhanced engagement hence increased community confidence in the LNP WACPS as well as the SGBV actors thus an increase in the reporting of SGBV cases. • Increased access to justice by economically and socially disadvantaged violence victims in Liberia. 	<ul style="list-style-type: none"> • Direct : 60 male, 60 female justice custodians directly dealing with SGBV • Indirect: 10,000 community members, at least 60% of which are females 	Project formally closed.
25	113/17	Building the capacity of vulnerable youths through vocational skill training support in the communities of Brewerville, Montserrat County	Montserrat	14,959.00	TECURD Institute Vocational Technical Training Center	Peace Consolidation Services - PCS	The aim and objective of this project is to provide short term skill training for vulnerable youths (girls and boys), with special attention paid to young boys and girls engaged in prostitution, crime and drugs. The project will seek to build the confidence of these youth and to help them envisage alternatives in their lives, by assisting them to learn a trade that can give them a livelihood and provide income generation opportunities. The project will consist of formal classroom training, on the job training and apprenticeships support to enter the job market as well as psychosocial support through a partnership between the TECURD Institute and the Ministry of Youth And Sports. It will also help address high levels of joblessness amongst the youth population. Meanwhile, the overriding objective will seek to improve youth income generation opportunities by providing opportunities to build the capacities of 50 youths to earn income.	<ul style="list-style-type: none"> • 50 vulnerable youths in the Brewerville communities acquired skills in vocational disciplines (Cosmetology, Tailoring and Pastry making) and re-integrated and or mainstreamed in Liberian society; • At least 50% of trainees receive a job placement opportunity exposed to sustainable livelihood and provided wage earning opportunity. • The numbers of delinquent youth (Zogoes) reduced in the communities of Brewerville with the training of 50 youth at risk. • Anti-social behavior reduced in Brewerville communities with the training of 50 youth at risk which will significantly reduce anti-social behavior. • Unemployment and poverty reduced in targeted communities • Social cohesion enhanced between the vulnerable youth (50 trainees) and the wider community. 	<ul style="list-style-type: none"> a) Direct : 50 vulnerable youths in 10 communities of Brewerville (25 girls and 25 boys); b) Indirect: Estimated population of over 500 persons in Brewerville, Montserrat. This refers to the wider community and cannot be disaggregated by sex given the lack of reliable statistics. The number of male and female beneficiaries should be roughly the same (250 male and 250 female). 	Project formally closed.
26	003/17	Sensitizing hazard prone communities on environmental and hygiene education	Montserrat	37,470.00	Universal Empowerment Missions	Environment Unit - EU	The overall objective of this project is to ensure behavior change that will lead to the reduction in preventable diseases in Kollimen, Crozierville, Gbokoleh and Gbanchaloh Towns through the provision of the Sanitation and Hygiene education.	<ul style="list-style-type: none"> • 10 trainers trained and ready to impart 4 communities, 4 schools and two health centers community. • 32 sanitation committee members Develop and share best practice about how to avoid preventable diseases in 4 communities. • 8 Staffs in two health centers have Increased knowledge about sanitation in their environment • 20 staffs in 4 schools have Increased knowledge about sanitation in their environment • 8 sanitation workers in four communities have Increased knowledge about sanitation in their environment • 500 host community women in four community members have increased knowledge about sanitation and hygiene education leading to behavior change in 4 communities • 400 host community men in four communities members have increased knowledge about sanitation and hygiene education leading to behavior change in 4 communities • 600 children in host communities have increased knowledge about sanitation and hygiene education leading to behavior change in 4 communities; and • 25 integrated refugees in four communities have increased knowledge about sanitation and hygiene education leading to behavior change in 4 communities 	<ul style="list-style-type: none"> a) Direct : 500 women , 400 men and 600 children b) Indirect: 5,000 men in the communities concerned 	Project formally closed.
27	005/17	Urban Youth Recycling Project(Waste to wealth)	Montserrat	25,673.00	Green Cities	Environment Unit - EU	The overall objective of the "Urban Youth Recycling Project" is to contribute to a sustainable waste management in Liberia. Youth Empowerment and Peaceful elections 2017. A clean environment is the basis for sanitary conditions and good health. The targeted project goal is to open up a market of waste recycling in the slums of Monrovia and its environs in order to render recycling financially profitable. With the establishment of a market, waste becomes valuable and a source of income for the residents of the Slums. In addition, a conscious use of resources and their recycling is encouraged. This project will create 100 direct opportunity for young people within in 10 slum communities. And indirectly impact more than 100,000 inhabitants. At the end of this project, we hope to Reduce, Reuse, Recycle, and Refurbish 10,000 Tons of inorganic waste. This project activities are concentrated in the ten densely populated neighborhoods (Red-light and Waterside taking the lead due to the location of the two largest markets in Liberia).The central collecting point is the Green Center at the Russell Avenue in Sinkor.	<ul style="list-style-type: none"> • Practical skills of 100 youth (Including 30 Ivorian Refugees) increased through a ToT workshop in urban recycling and waste collection and increase economic independence of at least 500 persons. • Information on environmental sustainability and urban recycling disseminated to at least 10 urban communities • 10,000 tons of wastes reduced, recycled, and reused into wealth for affected community residents; and • 100,000 citizens engaged to directly participate in the peace process of Liberia. 	<ul style="list-style-type: none"> a) Direct: The Direct beneficiaries of this project will be 100 youth between the ages of 16-35. These beneficiaries will include Refugees, youth in slum communities, Ghetos, and Girls in the street. 50% of these beneficiaries will be females while 50% will be males. b) Indirect: Indirect beneficiaries of this project will be 100,000 above. This project will create clean environment for the community, Reduce crime, and make young people engage, and increase volunteerism. 	Project formally closed.
28	093/17	Equipment / furnishing of the Todee Magistrate Court	Montserrat	8,820.00	Furniture Ground Carpentry Shop / Smart Office Solutions, Inc.	Justice/ ODSRSG- RoL	This project is to support the efforts of the Government of Liberia in strengthening the capacity of the Judiciary geared towards deconcentrating justice services nationwide. It aims at enhancing the quality of justice delivery at the local level. It will provide an enabling environment for the dispensation of justice at magisterial level, thereby strengthening access to justice for the communities within the area and will enhance public perception of the criminal justice system when the delivery of justice services is carried out expeditiously. The project will assist in facilitating the relocation of assigned stipendiary magistrates, associate magistrate, court officials and administrative personnel to the completed court building in order to commence full operationalization of the Todee Magisterial Court.	<ul style="list-style-type: none"> • Conducive environment for the delivery of justice services to the local population established within Todee and surrounding communities of Montserrat County; • Effective implementation of the law expanding magisterial courts' jurisdiction; • Improved court administration at the magisterial level; 	<ul style="list-style-type: none"> a) 200 (120 male & 80 female) prospective litigants; b) 15 (10 male & 5 female) Judiciary court officials; c) Todee community as a whole through enhanced access to justice; 	Project formally closed.

29	07/1/17	Support to the final revision and launching of the revised version of the Strategic Roadmap for National Peacebuilding, Healing and Reconciliation	Bong	38,840.00	Foundation for International Dignity - FIND	Peace Consolidation Services - PCS	The overall goal of the proposed project is to conduct a further review and revise the Strategic roadmap for national peacebuilding, healing and reconciliation with a view of incorporating the issues of gender mainstreaming, youth participation as well as bringing the five reconciliation principle institutions (MIA, MFDIP, ONPA, INCHR and GC) and taking into consideration the different policies and programmatic entry points recommended by the Social Cohesion and Reconciliation Index Study (SCORE). SCORE is a tool that supports policy decisions for national and international stakeholders and is particularly suited for post conflict, multi-ethnic societies that now face peacebuilding and state building challenges.	<ul style="list-style-type: none"> ☐ A revise the Strategic roadmap for national peacebuilding, healing and reconciliation is nationally endorsed by stakeholders and ready for implementation by incoming administration ☐ The roadmap made more responsive to the current peace and reconciliation needs of the citizens of Liberia and considered as a national peace and reconciliation strategy to address the gaps of national peacebuilding, healing and reconciliation as well as the structural root causes of violence in Liberia 	<p>Direct</p> <ul style="list-style-type: none"> • 150 individuals from the 15 counties constitute direct beneficiaries of the project. The ratio of male to female will be 60% males and 40% females. The categories of participants are as follow: youth, women, civil society organization, county administration, traditional chiefs and elders, National Council of Chiefs and Elders, Governor Council of Liberia and county peace committees. Each structure will be required to nominate a male and female to represent them in from the counties. <p>Indirect</p> <ul style="list-style-type: none"> • 1,050 individuals with percentage above constitute indirect beneficiaries of the project 	Project formally closed.
30	04/5/17	Establishing ten (10) Integrity Clubs in selected Public High Schools in 3 counties	Montserrado	15,250.00	Students Against Corruption (SAC) . New IA to be identified by PCS.	Peace Consolidation Services - PCS	The overarching goal of this project is to contribute to the reduction and prevention of corruption in the Liberian society. Specific objectives: • To provide a platform for the youth and students of the three target counties - Montserrado, Margibi and Bomi counties to address the concept of corruption beginning with themselves and reaching out to others, thereby creating a network of Integrity Ambassadors; • To increase the demand for accountability, integrity and ethical standards in Liberian schools; • Increase access to information on teachers and other education workers as well donations and other education activities; and • Foster youth participation and involvement in the fight against corruption in Liberia.	<ul style="list-style-type: none"> • Attitude change amongst youth and generational transformation in Liberia leading to a decrease in the incidences of corruption; • Increased number of youth actively participating in decision making, governance and anti-corruption processes; • Improved access to critical public services including health, education, water, financial support and development funds among youth; • Improved access to information relating to students' wellbeing in the schools; • Improved knowledge of corruption, governance and integrity. 	<p>a) Direct: Approximately 200 males and 150 female students</p> <p>b) Indirect: Approximately 5,000 students, parents, school administrators, community youth, etc.</p>	Project formally closed.
31	09/5/17	County Service Center Solar Enhancement Project-Grand Bassa & Margibi	Multi County -	49,485.00	Union Stron Group	Peace Consolidation Services - PCS	The project envisages the need for UNMIL's continued support to the Government of Liberia in its overall Decentralization Platform. UNMIL has piloted in 2015 the Grand Kru County Administration's capacity strengthening which has markedly improved service delivery. This intervention will complement existing efforts and build on the gains achieved so far through the provision of technical assistance and equipment support in order to reinforce and narrow-capacity gap continuously witnessed in local governance functions targeting counties most of which UNMIL's ongoing draw down has affected.	<ul style="list-style-type: none"> • Hybrid solar panels and batteries provided and installed to power 14 rooms with light; power 14 desk top computers; and provide power base, at most, for fans and /or power fourteen 9000 BTU air-conditioners in the CSCs concerned within 2 months. • County Service Center Building in Grand Bassa and Margibi Counties equipped with solar lightning system for use to power assorted machines and office equipment which will strengthen the operational capacity of the county administrations to provide service delivery. 	<p>a) Direct: About 4,000 annually and in addition, 12 Ministries, 2 Agencies and 42 staff's of the GoL.</p> <p>b) Indirect: Indirect: around 199,689 (2008 census) in Margibi and 224,839 in Bassa county (2008 census)</p>	Project formally closed.

The Open day will be held in January 2018 (Days can be adjusted as per availability of Mission Leadership) in Buchanan, Grand Bassa. The global open day will provide an opportunity and space for Women leaders to meet with Mission leadership for purposes of identifying Women Peace and Security Priorities for Liberia and undertake consultations on issues pertinent to Women. Further, the Open day will contribute to women's participation and improved representation of women's concerns in contemporary processes of Peace consolidation and Women Participation and Prevention and response to SGBV	<ul style="list-style-type: none"> • All 2017 recommendations on UNSCR 1325 (Election –Voters Registration of Women, Education on General electoral process, Promotion and Advocacy on the passage of the Equity Bill, Access to Justice and SGBV, National Reform Processes) adequately reviewed and strategies for implementation identified. • Priority issues for Women, Peace and Security identified for support by the UN, Government and women NGOs. • Women's concerns in contemporary processes of peace consolidation, women participation, prevention and response to SGBV adequately raised • A platform established where over 60 women representing the 15 counties of Liberia voice can be heard; and • Experiences, challenges, contributions and efforts highlighted by women to promote peace and security 	<p>a) Direct : 46 Females, 10 Males</p> <p>b) Indirect: 50,000 Females, 10,000 Males</p>	Project formally closed.
44	040/17	Enhancing the coordination, collaboration and information sharing among national security sector institutions and civil society groups on the 2017 October elections	Montserrat	26,533.00	Liberia National Law Enforcement Association	SSR	In order to support the Public Safety Department of the Ministry of Justice to undertake its coordination role of the security sector institutions before, during and after the election period, this proposal aims to convene series of awareness raising and capacity building activities with the objectives to: <ul style="list-style-type: none"> • Improve the coordination, collaboration and information sharing among national security sector institutions and civil society groups (especially youth) within and outside of Monrovia during the 2017 October elections. • Enhance the understanding of the security sector actors and civil society groups on democracy principles, election procedures and the different roles of the security institutions. • Enhance the institutional capacity of the Public Safety Department of the Ministry of Justice to implement the public safety road map and to overview and monitor the security sector in the country, especially before, during and after the elections 	<ul style="list-style-type: none"> • The coordination, collaboration and information sharing among national security sector institutions and civil society groups within and outside of Monrovia during the 2017 October elections enhanced through the participation of 70 (seventy) security sector actors (at least 30% female) at a national roundtable discussion and 200 (two hundred) security sector actors and civil society at dialogues convened in five (5) counties. • The understanding of the security sector actors and civil society groups on democracy principles, election procedures and the different roles of the security institutions enhanced through the publication of a brochure on the roles of every security agency during the elections, development of 1 jingle for 15 communities' radios, visits to school and facilitation of lectures and dialogues. • The capacity of the Public Safety Department built to implement the public safety road map and to overview and monitor the security sector in the country, especially before, during and after the elections, through the recruitment of a National Security Sector Reform Officer to mentor and advise on daily basis the government officials. 	<p>a) Direct: About 2000 male and at least 30% female officers will be impacted by this QIP.</p> <p>b) Indirect: 4000 male and at least 30% female security officers and about 30,000 people in Liberia will be in directed impacts thought this QIP.</p>	Project formally closed.
45	042/17	Conducting a national workshop to enhance the capacity of the county, district and national security council's early warning structures in coordination with ECOWAS.	Montserrat	19,290.00	Liberia National Law Enforcement Association (LiNLEA)	UNPOL/SSR	The project "Conducting a national workshop to enhance the capacity of the county, district and national security council's early warning structures in coordination with ECOWAS" is based on the idea to enhance early warning and response capacity and mechanisms of the county, district and national security council in coordination with the ECOWAS's incoming early warning Center. In accordance to UNML's support through its annual Results Based on Budget (RBB 1.1.1) for the Safe and secure environment in Liberia, it is important to inform, sensitize and educate early warning and response key stakeholders on the understanding and coordination of the local, national and regional mechanisms.	<ul style="list-style-type: none"> • About 85 participants (at least 30% Female) including representatives of CSC, ECOWAS Early Warning Center, key Security Agencies and Civil Society are aware of the new National Security Strategy's provisions on early warning; • About 85 participants (at least 30% Female) including representatives of CSC, ECOWAS Early Warning Center, key Security Agencies and Civil Society understood the coordination and linkage between local, national and regional early warning and response mechanisms; and • About 85 participants (at least 30% Female) including representatives of CSC, ECOWAS Early Warning Center, key Security Agencies and Civil Society apprehended core internal and external threats including SGBV and how to report them; • Two months' salary of a national SSR Officer supported. 	<p>a) Direct: 85 participants (at least 30% female).</p> <p>b) Indirect: At least 500 people (at least 30% female) other citizens will indirectly benefit by informed through debriefing training when the participants return to their respective counties. The whole Liberians will benefit from the project by enhancing peace, security and stability.</p>	Project formally closed.

46	104/17	Liberia Security Sector Legislation Compendium	Montserrat	10,000.00	Liberia National Law Enforcement Association	RoL SSR	The main objective is to widen access to national security policies, legislation and strategies that address both the effectiveness and accountability of the security sector are crucial for the legitimacy of State security institutions; trust between the State and the public; the protection of a person's right to security; and, in fragile State situations in particular, the protection of civilians. In Liberia, the new national security policies, legislation and strategies drafted with UNMIL support in the last years played a key role in the country, addressing the security needs of its people and the State, clarifying the behavior and responsibilities of State institutions in providing security and upholding the rule of law.	<ul style="list-style-type: none"> • Knowledge and awareness of the legal framework of the Liberian security sector increased through the publication and access to a compendium of national legislation. • 500 copies of the Compendium of national legislation distributed to police stations, courts, and immigration and army posts as well as among civil society and government actors in all 15 counties of Liberia. • Understanding of the National Security Sector new legal and policy framework increased in all 15 counties of Liberia. • Capacity of key security actors to monitor the implementation of the new security legislations advanced and built in all 15 counties of Liberia 	<p>a) Direct : 250 Security and Justice sector professionals</p> <p>b) Indirect: 2,000 wider public as understanding of new accountability mechanisms contained in the laws will become better known</p>	Project formally closed.
47	105/17	Support the operationalization of the National Security Council Secretariat Office through the development of an administrative plan (terms of reference and work plan)	Montserrat	14,241.00	Pay directly to vendor (office equip) and consultant for consultancy	RoL SSR	The project main goal is to support the Government of Liberia to operationalize the National Security Council Secretariat Office through the development of administrative plan and provision of office materials. This project will enhance the capacity of the NSCS to perform its responsibility with efficiency and effectiveness building on the support provided by UNMIL in the last years. It will provide the administrative skills and management framework that the NSCS requires to undertake its functions, thereby ensuring the implementation of the revised National Security Strategy and the functionality of the county and district security councils during the election period.	<ul style="list-style-type: none"> • Immediate assistance provided to the NSCS, which is the supreme security policy body in Liberia legally charged with the responsibilities to provide strategic security direction to the country, coordinate the implementation of the NSS, including responding and consolidating the information received from the county Security Council's early warning structures. • An administrative plan of the NSCS Office developed which will include TOR, work plan and budget aimed to provide proper and adequate guidance and direction for effective functions and operations. • NSCS Office assisted with office materials and the hiring of a National Officer to support the MSCS to consolidate and address information and issues received from the 15 counties during the election period. • Efficiency of the NSC increased in coordination, monitoring and implementation of the revised National Security Strategy, advancing its critical oversight function and ensuring the early warning response; and • Effectiveness of the NSCS office assured in performing its roles and responsibilities - undertaking information sharing and enhancing early warning activities in Liberia through the implementation of an advanced administrative plan. 	<p>a) Direct : 20 male and female Senior Leadership and 40 female personnel of the Liberian Security Sector</p> <p>b) Indirect: 2,000 female and males personnel of the Liberian Security Sector</p> <p>List of participants will be sex-disaggregated.</p>	Project formally closed.
48	055/17	National Conference on the Protection of Civilians in Liberia	Montserrat	28,886.00	Independent National Commission on Human Rights (INCHR)	Human Rights and Protection Services - HRPS	This project aims to bring together relevant government institutions and the United Nations Country Team (UNCT) to develop strategies on the protection of civilians (POC) in Liberia. The conference will introduce participants to the United Nations Protection of Civilians Strategy in Liberia (UN POC Strategy); the legal underpinnings of POC; POC threats and response mechanisms; and to other relevant POC issues. The national conference is important in order to stimulate a conversation on POC strategies, which is necessary given the reduced support that will be provided by the United Nations in protecting civilians in Liberia once the United Nations Mission in Liberia (UNMIL) closes in 2018.	<ul style="list-style-type: none"> • Understanding of POC by government and UNCT actors in Liberia enhanced; and • Protection strategies developed based on a broad understanding of POC. 	<p>a) Direct: A total of 100 participants from government institutions and the UNCT. Participants from government ministries will come from the Liberia National Police, Armed Forces of Liberia, Liberia Immigration Services, Bureau of Corrections and Rehabilitation, Independent National Commission on Human Rights, the Ministry of Justice, Ministry of Defense, Ministry of Gender, Children and Social Protection, the National Security Agency, the Ministry of Internal Affairs, and the Ministry of Foreign Affairs. Participants from the UNCT will include RC, UNDP, UNHCR, IOM, UNDOC, and UN WOMEN.</p> <p>b) Indirect: Vulnerable groups at risk of human rights violations and abuses nationwide, particularly women, children, older persons, LGBT population, and persons with disabilities. .</p>	Project formally closed.
49	056/17	Support to the Human Rights (HR) Civil Society Organizations (CSOs) Advocacy Platform on human rights mainstreaming, legislative oversight, and shadow report writing	Montserrat	21,659.00	Foundation for International Dignity - FIND	Human Rights and Protection Services - HRPS	The activities will build the capacity of HR CSOs platform members on national and international human rights mechanism which have been established to provide remedy for those whose rights are violated or abused. The Platform members will be provided with basic understanding of the human rights role of legislators, but also improve their capacity to draft and submit shadow reports to the different treaty bodies and UPR secretariat.	<ul style="list-style-type: none"> • HR CSOs Platform becomes fully functional and well-coordinated. • 45 Platform members trained in human rights monitoring and treaty reporting skills, • A human rights monitoring and regular reporting mechanism established. • Chapters of HR CSOs Advocacy Platform established in south eastern Liberia (Grand Gedeh, Gbarpolu, Lofa, Bong, and Grand Bassa Counties). • Regular annual reports on general Human Rights situation in Liberia produced by HR CSOs Platform; and • One shadow report drafted and submitted by HR CSOs Platform 	<p>a) Direct : 76 CSOs & 4 INCHR County Monitors</p> <p>b) Indirect: 1500 persons from 4 Counties, 150 CBOs & CSOs and 1 Commission.</p>	Project formally closed.
50	060/17	Printing, Sensitization, and distribution of Bureau of Corrections and Rehabilitation (BCR) standard operating procedures.	Multi County	5,877.00	Rescue Alternatives Liberia (RAL)	Human Rights and Protection Services - HRPS	This intervention envisions the ardent need which proffers to improve the level of awareness of Prisons and role of BCR. It will further establish collaboration and cordial work relation between and amongst BCR staff, INCHR County monitors, CSOs, and citizens of Liberia in general	<ul style="list-style-type: none"> • Well-coordinated Public sensitization programs held in all 15 counties of Liberia namely; Montserrat, Lofa, Grand Capemount, Bomi, Gbarpolu, Nimba, Grand Gedeh, Sinoe, River Gee, Maryland, Grand Kru, Rivercess, Grand Bassa, Margibi and Bong; and • Copies of BCR Standard Operating Procedures (SOP) printed and jointly distributed to CSOs, Media houses, Human Rights related NGOs, justice actors, and county authorities, by BCR and INCHR County Monitors. 	<p>a) Direct : 1500 selected persons from CSOs, Media houses, Human Rights related NGOs, justice actors, and county authorities</p> <p>b) Indirect: 7500 Community dwellers (approximately 4000 men and 3500 women)</p>	Project formally closed.

51	108/17	Strengthening the capacity of Civil Society Organizations (CSOs) in monitoring, investigating and engaging state actors to advocate for the promotion of human rights.	Montserrado	28,129.00	Regional Watch for Human Rights, Inc. (facilitate training) SKY-TECH International (supply equipment)	Human Rights Protection Services - HRPS	Human rights monitoring, investigation and engagement with state actors is a key function of Civil Society Organisations. Monitoring of human rights situation, including public reporting and human rights advocacy is also a fundamental tool to solve human rights problems, support the identification of adequate solutions, promote accountability and deter further violations. Many CSOs in Liberia lack adequate capacity to discharge these obligations. There is therefore need to strengthen the capacity of CSO members by providing logistics and training in practical skills on human rights monitoring, investigations and advocacy. The overall objective is in line with SCR 2333(2016): Article 11; Human Rights Promotion and Protection	i) 50 CSOs (50% women representation) trained in monitoring and investigation of human rights cases. ii) One practical human rights monitoring field visit conducted in Grand Cape Mount County. iii) A human rights monitoring and reporting procedures manual developed, published and distributed to all human rights monitors and CSOs. iv) One template for compiling information for the annual human rights reports in Liberia developed, and v) Office equipment (2 laptops, 2 desktops, 2 printers, 1 photocopier, 1 camera, 5 office chairs, 5 desks, 1 conference table, filing cabinets and 1 utility vehicle.	a) Direct: 50 CSO members b) Indirect: 5000 disadvantaged persons in the population.	Project formally closed.
52	013/17	Equipping the Rivercess Youth and Children Center Youth to become functional and operational	Rivercess	20,771.00	Citizen Development Association of Rivercess (CIDAR) & Union Strong Group	Field Support Team - FST	The construction of Youth and Children center in Cestos, Rivercess County was successfully completed and handed over from UNMIL to the Ministry of Youth and Sports in June 2017. The construction of this facility was funded through UNMIL QIPs, to be utilized by the youth and children as a Centre where youth will assemble, attend to trainings and exchange ideas that will promote social interaction and cohesion fostering and promoting Peace, Health, Education and enhance economic growth and development in the county. This type of facility was missing in Rivercess County. Therefore, the Center was established to offer a conducive environment for the youths, children and young adults.	<ul style="list-style-type: none"> Youth and children center fully equipped and operational. Youth actively engaged in social and economic activity; and Security, Peace and Unity among the youth regardless of political or affiliation promoted 	a) Direct: 45 Male and 15 Female Youths will benefits directly all 8 districts in the county b) Indirect: 30,212 youths including 13,944 female as well as the whole population of Rivercess County.	Project formally closed.
53	021/17	Reconciliation Dialogues In Support Of Peace Consolidation And Improving Social Services.	Multi County	41,895.00	Naynote	Peace Consolidation Services - PCS	The overall goal of the project is to engender diverse citizens' participation in localized reconciliation efforts. In pursuit of this goal, the project seeks to create the space for inclusive and participatory dialogues in support of reconciliation. The intervention will build on on-going initiatives by community groups bridge fractured social and ethnic relationships and will be implemented in Bong, and Margibi Counties. In pursuit of the above goal, the project has the following specific objectives: <ul style="list-style-type: none"> To increase dialogues and interactions amongst citizens representing diverse social, political, religious, and ethnic backgrounds. To increase the space for citizens to identify non-violent approaches in dealing with social, religious and political differences. To increase the skills of diverse social groups in identifying innovative and localized mechanisms for reconciliation. To create the space for citizens to give feedback on the performance of the county service centers and make recommendations for improvement. 	<ul style="list-style-type: none"> A five-year reconciliation vision and a county action plan in support of peaceful co-existence established. Equal participation of women and men from different sectors in dealing with critical gender issues linked to reconciliation. A county action plan for participating peacefully in the 2017 electoral process is established. Participation of diverse social, ethnic, religious, and political groups in the counties' development processes. Tolerance, respect for difference and peaceful co-existence among different groups in the counties are visible after the 2017 elections. Quality of services provided by the service centers is improved. 	a) Direct: The direct beneficiaries will be 900 persons both men and women. b) Indirect: The indirect beneficiaries will be 300,000.	Project formally closed.
