Kindly note that applications upon receipt will be reviewed and only short-listed candidates will receive acknowledgement.</p>	

Description of Main Duties:

Under the direct supervision of the Unit Chief and the overall supervision of the Chief Engineer and with specific instruction, the incumbent will perform as follows:

- Dismantling of prefab building and removal of metallic and wooden structures, panels, beams, electrical wiring, etc.
- Digging shallow trenches for removal of foundations, pipes, electrical wiring, drains, concretes, paving, etc.
- Identify utility lines.
- Assist in the removal of culverts to drain water and/or use a generator and pump to remove rain water from ditches on the construction site.
- Manually remove large rocks and debris turned up by graders and other heavy equipment, ensuring all revealed rocks and debris are clear before equipment makes further passes.
- Back-fill trenches and pits when necessary.
- Climb to heights and conduct work with proper safety restraints.
- Ensure worksite is organized and free of clutter, rubble and garbage.
- Load, unload and move construction materials around the worksite.
- Using a rake or shovel, spread gravel and other construction materials over road surfaces, building or decreasing slopes or ground leveling to fine grade specifications.
- Perform setup and cleanup tasks at job site and other General Labour and construction related duties as required.
- Must ensure a solid understanding of, and comply with the principles of the UN Code of Ethics.
- Carries out order duties as required.

Profile Requirements:

a) **Qualifications, skills, experience:**

- **Education:** A minimum education to read and write;
- **Experience:** A minimum of 1 year practical experience in environmental cleanup, remediation, mechanical excavation, pollution prevention systems.
- **Languages:** Ability in spoken and written English is a requirement;

b) **Competencies and values:**

- **Professionalism:** Knowledge of the Organization's rules and regulations as they pertain to building management and of industry codes and standards. Shows pride in work and in achievements; demonstrates professional competence and mastery of subject matter; is conscientious and efficient in meeting commitments, observing deadlines and achieving results; is motivated by professional rather than personal concerns; shows persistence when faced with difficult problems or challenges; remains calm in stressful situations. Commitment to implementing the goal of gender equality by ensuring the equal participation and full involvement of women and men in all aspects of work.
- **Communication:** Proven interpersonal skills; good spoken and written communication skills.
- **Teamwork and respect for diversity:** Ability to establish and maintain effective partnerships and respect for diversity and gender;
-

**Preference will be given to equally qualified women candidates.
